"The Weekly Record"

JAMES WEIDMAN, Proprietor.

The Keewatin Lumber Company about eighteen months ago commenced a suit against the Ontario Mining Company asking for an injunction to restrain the working of the mines on Sullivan Island. The suit was based on the famous Mather lease. Ewart, Fisher & Wilson met the preliminary application by a mass of affidavits and made so strong a fight that the plaintiffs withdrew their application, saying they would wait until the trial of the case. After waiting over a year Ewart, Fisher & Wilson recently made an application to dismiss the suit for want of prosecution, and an order has now been made dismissing the suit with costs to be paid by the Keewatin Lumber Company. This will be good news to many, and this Record is the first to make it known here.

EXPLANATION.—We issue this Record this week on Thursday instead of Saturday on account of Christmas falling on Friday this year, and to give us time to move our plant and issue our special edition next week. We have been compelled to curtail our reading matter the past few weeks on account of the increased advertising space taken. Next issue, however, will be an eight page number and will more than make up any deficiency.

—The Record wishes its many readers a happy Christmas and a prosperous New Year.

MRS. CARROTHERS REMOVED

On Wednesday Mrs. Carrothers, who was in jail here awaiting trial on the charge of the murder of her husband, was removed to Port Arthur jail by Sheriff Carpenter on the order of the Superior court. Her removal, in an effort to secure her release on bail, made a declaration that the jail here was an improper place to confine her as a prisoner, although misrepresenting, in our opinion, the condition of the jail. Being to secure her release on bail, the misstatements respecting the jail were made in order to secure Mrs. Carrothers' removal to Port Arthur. It is to be hoped that this removal does not mean that her trial will take place at Port Arthur. That would be a gross injustice to this portion of the district and an outrage to the witnesses who have to be brought from Rainy river, broken on expense altogether unwarranted by the circumstances. The Government officials here, as well as our citizens, should use all their influence to make sure that the trial takes place at Rat Portage.

PRESENTATION TO MRS. W. H. MCKAY

Last Tuesday evening the members of the Bible class in connection with the Protestant church met at a neighbor's house and proceeded in a body to the residence of Mrs. W. H. McKay, the teacher of the class, and much to her surprise presented her with a handsome writing desk, accompanied by an address. After the presentation, to which Mrs. McKay replied in appropriate terms, the evening was very enjoyably and pleasantly spent. The following is the address:

To Mrs. W. H. McKay:
We, the young men and women of your Bible class, feel that it has been indeed a privilege and a benefit to us to attend your instruction in the Scriptures.

We know that we have received great good from your teaching, and each Sunday we have looked forward with pleasure to listen to your exposition of the lesson.

At this season of the year, when friends are trying to find some manifestation of esteem, we, your scholars, feel that we cannot allow the season to pass by without giving you some expression of our high regard and appreciation for you and the valuable aid you have given us to the betterment of our souls and the glory of God's Holy Word.

Please accept this writing desk as a tangible token of our regard and affection for you.

Wishing you a pleasant Christmas and a happy New Year.

Signed on behalf of the class:

P. G. MILLIS.

THE FIRST GOLD BRICK.

Thirty-three ounces of pure Gold.

On Saturday last the Reduction Works here melted for the first time the free milling results of a quantity of ore, the gold from which weighed thirty-three ounces. On Monday it was again melted and ran into the form of a brick. It has since been freely exhibited, and has been the admiration of many. Mr. Hoffman, the President of the Lake of the Woods Gold and Silver Reduction Works Co., called a meeting of the shareholders and citizens of Rat Portage, and in the city hall, which was well attended. Mr. J. A. McCrossan was asked to take the chair. Mr. Hoffman addressed the meeting at some length, saying that a new era for the Lake of the Woods district had now begun, that it had been practically demonstrated by the Reduction Works that the gold was here in paying quantities. He also referred to the fact that the people of Rat Portage generally did not take that interest in mining which they should to show their faith in the richness of our ore. If they showed their faith by taking a deeper interest, and by making the fact known to the world, capital would soon flow in in abundance. He concluded by exhibiting the gold brick which had been taken from Sullivan.

Mr. J. F. Hilliard, being called on by the audience spoke in high terms of our mineral deposits, and also referred to the lack of interest shown by the people generally. He said the citizens of Rat Portage must take a hand in assisting development in order to attract capital.

Mr. E. Senger in response to a call made a few remarks, saying that he had so far surveyed upwards of 500 mining locations in the vicinity, and from present appearances he thought the number would reach 400 before next midwinter.

Mr. James Weidman being asked to address the meeting pointed out that the cross was the means to make use of the mineral wealth of the Lake of the Woods district. He also expressed his confidence in the richness of our quartz veins.

The meeting closed by everyone going forward to examine the gold brick.

The municipal council did not meet last Monday evening for want of a quorum. A meeting will be held next Monday evening.

The Christmas tree, erected in front of the Presbyterian church on Wednesday evening, was a success. The church was crowded to the doors, and everybody enjoyed themselves immensely.

Mr. E. Newell, at present councillor of this municipality, has been asked by a number of the electors to allow himself to be nominated for the re-election, but he positively declines, as the nature of his business is such as would prevent him from giving the attention to the duties of the office which its importance demands.

There will be a grand carnival at the skating rink, Kewewatin, on the evening of Friday, Jan. 1st, 1892. New Year's night. The following games will be given: To the best dressed lady, Shakespeare's complete works in one to the best dressed gentleman, a pipe valued at \$2.25; to the best lady skater, a plush case valued at \$5; to the best dressed girl, a work box valued at \$3.50; to the best boy skater, a concertina valued at \$3.50. Risk open at 10 o'clock. Skaters in costume must be on the ice by 10.30, and are required to hand to the proprietor before entering their names and the style of their costume enclosed in a sealed envelope. Handouts have been reserved for those in costume till 10.30. Admission 25 cents, children 15 cents; season tickets suspended.

PRESENTATION.

On Tuesday afternoon a very pleasant incident took place at our public school. The pupils of the intermediate department made a presentation of a handsome dressing case to Miss Phelan, who is covering her connection with the school. It was accompanied by the following address:

To Miss M. H. Phelan, Lady Teacher of the Public School.

Hearing with regret that the relationship existing between us for the last two years as pupils and teacher, which position you have filled with such marked success, is about to be severed, we take this opportunity of expressing our appreciation of your kindness in facilitating our progress as pupils, by presenting you with this dressing case as a small token of our esteem and a mark of respect. We feel that in being given to you we have secured for you what you have most valued, and in this case has shown by her every act that our good was her sole aim.

May memory, happiness and prosperity attend you in your career through life in the utmost manner of your devoted pupils.

We remain your affectionate pupils.

Signed on behalf of the school.

RAT PORTAGE PUBLIC SCHOOL.

The public schools of Rat Portage closed for the Christmas holidays on Tuesday last. Mr. H. P. Holmes, and James Weidman, of Eng. House, visited the schools in the afternoon. While in Miss Givens' room a very pleasant incident occurred. Two of her pupils brought an address and a handsome dressing case which they had purchased with the five cent coins as a token of their regard for Miss Givens on resigning from the teaching staff. Mr. Holmes read the address and made a few congratulatory remarks. Miss Givens replied, thanking the pupils for their kind remembrance. The address department was then visited where Mr. S. Givens was found reading up the work of the term. He expressed his pleasure in the examination. The number of each name follows in percentage.

Dr. Clark's White Liniment

The Great Stable and Household Remedy.

HORSEMEN ATTENTION!

Horsemen throughout the country have long felt the need of a first-class Stable Liniment applicable to the thousand and one external derangements incident to horsemanship. The various preparations on the market are in such cases useful within a very limited sphere, some for sprains; some for galls, some for pulls, others for strains, and so on ad libitum, until a farmer or rancher would need to keep a small apothecary shop on his premises to meet the various requirements of such a small band of horsemen. In addition to this there is the trouble and expense of renewing supply, as other preparations are usually put up in such small bottles that in most cases one bottle is good only for one application.

Dr. CLARK'S WHITE LINIMENT is dissipating all these difficulties. It is the most important departure in recent years in the interest of reliable and economical Veterinary treatment. It has been found useful in a greater variety of disorders and blemishes than any other liniment ever sold; it has been proved of greater service to horse owners than any other horse medicine of the country. It is not a caustic, flesh-withering blister, but a penetrating, soothing, healing liniment. It is put up in pint bottles, and sold at 50 cents per bottle. It is as true as large as most horsemen on the market, for more reliable and surely more economical. For pulls, sprains, strains, swelling, wind-galls, ringbone, triangular enlargement, or any kind of bruises, cuts, wounds, colic, gutt and middle colic, it will be found a remedy par excellence. For swollen legs it is a specific, also for sprains and recent lameness.

Horsemen, on all points, give it praise. Testimonials pour in from all quarters. We have not room in this brief sketch to reproduce the opinions of the hundreds who have written us. We can only give the gist of their remarks and that from but a few:

“IT WORKED LIKE A CHARM.”

H. Cor. City, stable keeper, Green Bay, Wis., writes: “I used it on an embrocure on a horse's leg, and it worked like a charm. It is a grand liniment.”

“GOT HER ON HER FEET QUICKLY.”

W. B. Darcey, Buffalo Lake, Assn., says: “Had a mare badly hurt from a kick. She was able to go to work again in three or four days after using White Liniment.”

“FOUND IT VERY USEFUL.”

Green & Tabbell, ranchers, Moose Jaw, says: “We have used a great many bottles of Dr. Clark's White Liniment and find it very useful for all kinds of sprains, cuts and lamenesses.”

“Wm. Walsh, heavy stable keeper, Moose Jaw, writes: ‘I use White Liniment in my stable and find it works like magic.’”

“ONLY LINIMENT HE USES.”

Steele Norris, Lethbridge, says: “It is the only liniment I use and I can't remember a time when I have not found it useful. I have used it on a horse's leg and it has worked like a charm. It is a grand liniment.”

E. A. Banbury, Walsby, Assn., writes: “I have used Clark's White Liniment on a horse's leg and it has worked like a charm. It is a grand liniment.”

Dr. Clark's White Liniment is an honest, stable remedy. Honest in quality, honest in quantity, honest in quality, and honest in effect. Henry, Poughkeepsie, N.Y., says he never used a liniment so good. Charles Horton, Regina, says it is the best liniment sold. T. W. McLaughlin, Lethbridge, says it cures colic and saddle galls at once.

Charles Williams and Samuel Davis, large horse owners, of the Fort Macleod district, will have no other liniment.

Robert Porter, of Fosse Assn., has used Clark's White Liniment for frost bitten cattle and declares it is the best medicine he ever used.

G. M. Ambrose, Moose Jaw, Assn., writes: “Dr. Clark's White Liniment is the only liniment that finds a place in my stable. My pony has been over in horses and cattle is very strong and I have never known it to fail. I am sure it is the best liniment sold. It is a grand liniment, and it is a grand liniment.”
